#### BROOKLYN REFORM.

#### A Strange Admixture of Matters and Things in General.

The Troubles of the Committee of Fifty and Their Sub-Committees - What the Excise Commissioners Have to Say in Defence-Curiosities of the Council of Vigilance.

The reform exhibit in Brooklyn has assumed the rm of a conundrum. When asked what it means copie are, as a rule, compelled to reply, "I give up." There has been such a marching forward and falling backward, a charging and counter-charging, on the part of the reiorm committees of late that the veritable well informed "Philadelphia lawyer" would be sorely puzzled to make out the exact shape that affairs have taken. One thing is certain, however—that much bickering has been going on among the champions of the people's rights for weeks past, and the end is not yet. Four members of the Fifty Committee, who claimed to have been discourmmittee, who claimed to have been discourmittee, resigned on Monday night, and on nesday they were "expelled." Mr. Fred. Kalb-elsch has executed the act of signing the disapproved report of the sub-committee named, as will be observed from the following report of proceed-ings before the Committee of Fifty on Tuesday light, which was given to the press yesterday:-THE COMMITTEE OF FIFTY OF THE CITY OF BROOM

At a recent meeting a resolution was adopted, calling on the District Attorney to prosecute the Commissioners of Excise for deflictation in office. That "resolve" is predicated on the report of the sub-committee of Fifty on the Excise Board, who, with every facility from the Commissioners, after a prolonged and minute examination of their Board and its every record, absolved the Commissioners in said report save as follows:—

First—The apparent filegal withdrawal by Cor Thursby of \$2,000. Second—The apparent filegal counsel fees pai apparent illegal counsel fees paid John C. Jacobs.

Third—The large balances withheld from the city treasury, of which the law contemplates monthly returns should be rendered.

Fourth—The transferring of licences, by which the city is defrauded, and for which there is no authority of law.

Fourth—The assumption of the Commissioners to make such changes in the rates of licence foes as in their judgment they deem expedient and necessary.

The Commissioners set forth the following ex-planations to the specific charges of the Sub-Com-mittee of "the fifty:"—

The matter cannot come before the Grand Jury in any shape until the lat of March.

YILLANCE COUNCIL.

The council of the Vigilance Committee, who claim to have given existence to the Fifty, have reported to dissolve the latter body. The Rink reformers scoff at this determination, and assert that the council has no more power to abolish them than the "half kundred" have to abolish the Academy reformers of seventy-five.

STOCKS MORE ACTIVE AND LOWER. The stock market early in the day was inclinto be strong and made an effort to disconnect itself from sympathy with Union Pacific, which was dealt in on a very large scale at a declining scale of prices. The Vanderbilt party endeavored to raily the stock after the defection of the Boston mem-bers of the clique, and by threats of locking up the shares frightened a good many of the "bears" into covering, the price recovering to 38%, exactly the highest point touched the previous day, when the cirque movement seemed on the verge of a tri-umphant culmination. Tae same wide differences between "casn" and "regular" stock again prevalled, the cash stock being worth all the way from 1-32 to 14 per cent for use in this afternoon's deliveries, while a difference of 2% per cent was made in one instance between "seller five"

and "regular." A discount of two per cent seemed a regular concession in "seiler sixty" transactions throughout the day's business. The inference from all of which is that the allies of The inference from all of which is that the allies of the Clark party took advantage of the ambitious plaus of those gentlemen to sell their stock, but with the privilege reserved of delivering it at a future time, when the immediate objects of the combination shall have been accomplished—a proceeding placing their defection in a more honorable light. It spoiled the "corner," however, for the great mass of professional "bears" took a loss of a few per cent, and hedged by buying "cash" stock and selling on long options. The futile effort to "corner" the stock occasioned a "break" from 38% to 34%, with which tumble the general market became heavy and tumble the general market became heavy and finally weak, prices toward the close being off % a 1 per cent from the highest of the morning, except for Reading, which moved contrary to the current, and advanced to 114%. In the express stocks Wells-Fargo took a sudden rise to 70 late in the afternoon. The recent advance in St. Paul preferred is attributed to purchases by the eminent banker of Amsterdam, the Mynneer Von Schoop-manschoopf, who is selling his Northwestern preferred for this better investment. Six thousand shares of the stock were shipped to him by to-day's order. HIGHEST AND LOWEST PRICES.

## THE DUTIES OF TEA AND COFFEE.

Action of the Importers and Grocers' Board

yesterday at their Exchange to consider the tariff on tea and coffee, William A. Booth in the chair. Mr. Booth presented a copy of a memorial to Congress on the subject of the duties on these articles. J. D. MACKENZIE advocated the petition, which

asks the Senate to take prompt action on the bill removing the duty on tea and coffee which has just removing the duty on tea and coffee which has just passed the House of Representatives and secure its adoption. Mr. Mackenzie said it was not only advisable that the thi should be passed at once, but that it should go into effect immediately.

J. J. Van Nosrramp wished the committee to urge that section 25 of the law of 1570 be embodied so as to allow a repatement of duty in bonded warenouses, and be opposed the immediate application of the law to trade, believing that six months? time should

inw to trade, believing that s.x months? time should be given before the duty is taken off.

Mr. Charles E. Hill opposed the making of the law immediately applicable in its effect. He moved as a substitute a resolution merely asking Congress to act for the obliteration of the duty without naming a time. Mr. Hill's substitute was anopted, as was also the petition, and the chairman appointed as a committee to proceed to washington and lay the subject before the Secale the following gentlement—Messrs. Humphries, Arnoid, Hill, Collins, Scott, Lane and Meryla. The chairman was added to the committee.

The following is Mr. Hill's resolution, which shows just what the Board desire:—

A. Low & Brothers and sixty other leading commission houses in this city in that behalf, and tereby appoint — its special committee of this Board to present the said petition and urge upon the bonorance senate such steps as will promptly release this was tradic from the doubt and uncertainty which now hangs over it, to the serious detriment of every interest involved.

#### PROST, THE REPUTED BURGLAR. The Inquest Yesterday-The Remain

Claimed by the Wife, Coroner Schirmer yesterday held an in the body of Charles Frost, the reputed burgiar, who was killed by failing from the roof of premises 145 Duane street, where a burglary had been attempted. James Jering, a porter employed at 25 Thomas

street, lestined that he found accessed lying in the head.

Onicer Jacobs, of the Fifth precinct, deposed that his attention was called to the deceased lying in the yard; deceased said he had ralien; also said there were two others with him, but did not give their names; Frost stated that he fived in Tarrytown, and did business in New York.

Surgeon Vandewater, of Centre Street Hospital, testified that Frost had a compound fracture of the skuh, fracture of both arms and other injuries.

On the testimony presented the jury found that Frost died from injuries received by falling from the third story of house No. 145 Duane street, February 19, 1872, while in the act of committing a burgiary on the premises named.

Mrs. Frost, widow of the dead burgiar, a very respectable appearing woman, appeared and took charge of the remains, which she interred in Cypress Hills Cemetery. Mrs. Frost denied most positively that she knew of the dishonesty practised by her husband. She had not seen him since Friday last. He was thirty-seven years of age and born in England.

The stock in the place, which was the property of holiand & Cody, was injured to the amount of \$800, but was insured in the Etna Insurance Company of Hartford for \$4,200. SHOOTING IN A SALOOM.

At the Centre Street Hospital yesterday afternoon Coroner Keenan took the ante-mortem statement of Daniel O'Connell, living at 101 Charlton street, who was shot in the head last Saturday evening by a pistol in the hands of Alfred Perry, while in the drinking saloon corner of Centre and Chambers streets. O'Connell states that he and Perry had a dispute about throwing dice, when Perry caught him by the cost collar and threw him down; got up and pushed Perry against a chair, and asked willy he did that. Perry then pulled out a pistol, and, holding it close to O'Connell's head fired it. O'Connell did not know the revolver was loaded, and was on friendly terms with Perry. After the shooting Perry told O'Connell that he was sorry he had shot him; it was accidental. O'Connell said he did not knock him down instead of shooting him. O'Connell shows to think it was accidental and asked way he did not knock him down instead of shooting him. O'Connell seems to think that Perry deliberately shot him.

him.

The jury rendered a verdict against Perry, who is in the Tomos awaiting the result of his victim's injuries. O'Connell is in a very critical condition, and his recovery is highly improbable.
